

Boarding Checklist

- Please bring enough food for your dog's entire stay with us. We prefer owners bring their dog's food individually bagged/prepped for each meal + a few extra baggies in case your pet stays a few additional nights. We have sealed containers for each individual dog for owners who need to bring a full bag of food.
- Blankets/towels are acceptable to bring, but we ask owners not to bring soft beds. We do have our own bedding here if owners don't want to bring or forget. Because we have your dog's comfort in mind and each kennel has an elevated Kuranda bed.
- Any medication needs to be in the original bottle placed inside a ziplock bag with written instructions of dosage and frequency.
- Any additional items such as bones, toys, and treats may be brought as well.
- Paper copies of any vaccines if not uploaded into the online portal. We will NOT take our dog if we do NOT have current records on file.
